Global Green USA’s Green Urbanism team provides on-the-ground technical assistance to help create more sustainable cities, buildings, and affordable housing.
BROOKFIELD CONGRATULATES THE RECIPIENTS OF GLOBAL GREEN USA’S 16TH ANNUAL MILLENNIUM AWARDS

Brookfield Office Properties is firmly committed to the continuous improvement of the energy performance and the sustainability profile of its 72-million-square-foot North American office portfolio, both in new developments and existing buildings.

39 LEED certifications have been achieved in the North American office portfolio

79% of Brookfield Office Properties’ portfolio achieved ENERGY STAR certification in 2013

70% of North American properties have achieved BOMA 360 (Building Environmental Standards Certification)
From packaging to food scraps, Global Green USA’s Coalition for Resource Recovery (CoRR) helps curb emissions and generate business value by transforming waste into assets.
Designing green awards since 2001

Congratulations to the recipients of The 18th Annual Global Green USA Millennium Awards!

Red on the Outside, Green on the Inside.

ASHLEY MORGAN
Global Green USA’s Policy team advances the organization’s priority issues, including clean energy, waste, green affordable housing, transportation, and more.
Green Schools

For over a decade, Global Green USA has helped more than 55,000 students and teachers thrive in high-performance schools that save money and improve learning.
The Holy Cross Project

Our sustainable village in the Lower Ninth Ward serves as a model for the community and helps educate homeowners about green building and resiliency.

“No organization is doing more to green New Orleans than Global Green USA.” – Time Magazine.
